## LETTER OF REFERENCE

Dear Sir,

We would like to express our gratitude for your professional service and for hosting us in Szent Gellert Hotel. We realize that when hosting a football club, the expectations are high and not easy to meet. Nonetheless, the service with which we have been provided, as well as fulfillment of our needs and the communication with the representatives of the Hotel have been excellent.

We appreciate and we are beholden for the efficient organization and for preparing the kitchen dedicated to the Club's cook. Everything we have asked for in this matter has been given to us, which made Lech's visit to Szekesfehervar problem-free, and therefore enjoyable.

We also want to inform that none of the newspaper articles that have been published in Polish media represent the Club's official stance and none were authorized by Lech Poznań.

Yours respectfully,

President of the Board, KKS Lech Poznań
